Excellence Under Pressure!

OE QUALITY OIL COOLER LINE ASSEMBLIES

- Precision engineered to exact form, fit, and function
- Hoses exceed OE and SAE performance standards
- Tubing is high-grade electroplated steel with zinc coating for corrosion resistance
- Every pressure hose is pressure tested before leaving the factory to ensure trouble free performance
- Oil Cooler Hoses are preassembled where OE is, reducing labor time for the installer
- Hoses are highly resistant to ozone, oil, grease, and transmission fluid
- Excellent performance in temperatures ranging from -40°F to 300°F
